

This policy emphasizes the importance and priority of our social responsibilities for all our stakeholders in the light of our Çobantur corporate principles and values. We agree and undertake the following:

To define the way we behave among our employees and all our stakeholders,

To protect the rights and interests of all shareholders, in line with our principles and values and company rules, based on the understanding and expectations based on all our business relationships.

To ensure that our principles and values are integrated with our policies and strategic goals.

To ensure that shareholders and the public have sufficient information about the organizational structure and objectives of our company within the framework of transparency in corporate governance,

To enable the evaluation of our effectiveness as senior management,

In the light of the information obtained, to make it available to the public in a timely, accurate, complete, understandable, impartial, easily accessible and equitable manner,

To aim to allocate resources for investment and to turn towards rational and profitable investments by managing financial resources effectively and efficiently,

To define and ensure compliance with our responsibility towards national and international laws and our diligence in complying with relevant regulations.

To increase our service quality and reputation by virtue of ethical rules

To create a set of values that regulate our relations with our employees and society and create a culture of behavior

To be sensitive to social responsibilities, and to comply with the environmental, consumer, public health regulations and ethical rules
